Flower List

To Preserve the Freshness of the
flowers, it is recommended that
picking be done early am or late pm

CLEAN VESSELS ARE A MUST

If storing overnight, store in a cool,
dark place such as a fridge or cool
basement.

If storing in a fridge, remove fruit
from the fridge.

We will show your party the best
method to cut, guide them according
to your wishes, and help to strip
stems and pack for travel.
